

Theater Name & Location:		Screen No.	Screen No.	Screen No.	Screen No.
Contact name/number:					
TMS Brand-model-version no. / Projector brand-model-version no. / Server brand-model-version no.:					
<b>If reporting on full complex or circuit</b>					
Number of Screens Tested					
Any exceptions? What locations? What equipment?					
	Test Procedures	Yes/No	Comments	Yes/No	Comments
	Load the three DCP's - SMPTE_TST-B1, SMPTE_TST-B2, SMPTE-3D-TEST_TST				
<b>5.1 TEST (SMPTE_TST-B1)</b>					
	<b>Configure the projector to Scope, Set up for 5.1 audio, Turn on the headsets for Hearing impaired/Visually and the closed caption device, ensure they are all working.</b>				
	Watch the example videos on <a href="http://isdcf.com/t/">http://isdcf.com/t/</a> for examples of what you should see.				
<i>Loop SMPTE_TST-B1 until you have completed the questions</i>					
	Do you see the green text in the upper right corner of the screen?				
	Does the closed caption device have the same text?				
	Did all the audio channels come out of correct speakers in the theater?				
	Could you hear the Visually Impaired track in the headphones?				
	Could you hear the Hearing Impaired track in the headphones?				
	If not, did you hear the Center track only?				
	If not, did you hear center / left / right tracks?				
	(Did you hear any audio describing tracks that you were not supposed to hear?It would say "you should not hear this track.")				
<b>7.1 TEST (SMPTE_TST-B2)</b>					
	Set up for 7.1 audio				
<i>Loop SMPTE_TST-B2 until you have completed the questions</i>					
	Do you see the green text in the upper right corner of the screen?				
	Does the closed caption device have the same text?				
	Did all the audio channels come out of correct speakers in the theater?				
	Could you hear the Hearing Impaired track and the Visually impaired track in the headphones?				
	Did you hear any audio describing tracks that you were not supposed to hear?				
<b>3D TEST (SMPTE-3D-TEST_TST)</b>					
	Set up for 3D scope and put on your 3D glasses (There is no audio)				
<i>Loop SMPTE-3D-TEST_TST until you have completed the questions</i>					
	Can you see two sets of text in 3D at the lower right of the screen?				
	Does the left and right text appear at roughly the same distance in front of or behind the screen?
