HELLO! MOVIE

Application download and installation instructions

ISDCF Plugfest - Jan 13, 2025

Application download & installation

To download the H!M app, you can go to an app store on your device and search for the HELLO! MOVIE app (look for the icon below).
Or you can use the QR code shown below.

Android
Open the Google Play Store app, search for the app, and select Install.

iOS
Open the App Store, search for the app, and select to download it.

HELLO! MOVIE

UX flow

**1. Select language and service**

Select service

Select your language English or Español(LATAM)

2. Select the movie

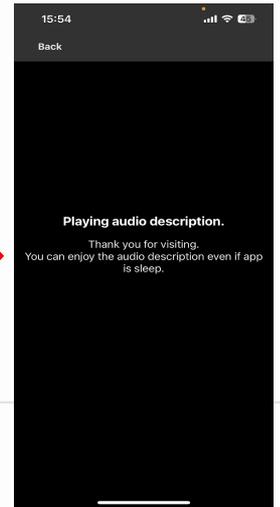

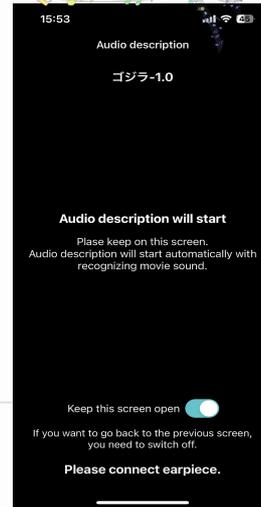

3. Download data (AD, CC, etc.)

4. Head to the screening room (@ Deluxe ITC)

6. Enjoy the movie!

5. Once the app detects the film's audio, it automatically activates AD (via headphones) or CC (via AR glasses).
