

MAKE YOUR CINEMA ACCESSIBLE - IT'S EASY WITH GRETA

In your cinemas soon!

GRETA provides:

- **Audio description**
- **Closed captions**
- **Sound amplification**
- **Sign language videos**
- **Multiple languages**

Easily from ones own smartphone in any movie theater!

GRETA automatically synchronizes with the movie sound. Just sit back and enjoy the movie. We wish you lots of fun!

Please find more information about Greta here and download the app directly. Have questions? Feel free to reach out to us!

GET IT NOW!

How it works:

1. Get the app for free from the **AppStore** or on **GooglePlay**.
2. **Log In** using Apple or Google or register manually and confirm your registration via email.
3. **Select the version** you want.
4. You will be taken directly to the current **movie list**.
5. **Download** your preferred version. It will be saved under "**My Movies**".
6. In the movie theater, just press **Play** and relax. In a few seconds, the app automatically **recognizes** the movie sound and **plays** the selected version.

→ Greta works **offline**

→ For audio features, please use your **own headphones**.
